Important Notes:

This plan may be subject to change, due to curriculum changes, course availability or advisor modification.

- Since some of the courses have prerequisites, the specific program should be arranged in close collaboration with a business faculty advisor.
- A student receiving a grade of D in a required or elective course for the major must repeat the course.
- Management (B.S.) must pass MATH 113 (or a higher level math course) with at least a C.
- Elective credits must be chosen such that a total of 60 credits are in the liberal arts.

¹ There are certain Business courses that are cross-listed as NYC seminars. These courses fulfill both requirements
