GALLERY DIRECTOR'S STATEMENT

Committed to supporting the creative process across the practice-based disciplines, the Marymount Manhattan College Art & Art History Department presents a group show of thirteen Junior Art majors and six Art minors.

This exhibition features work from illustrators, designers, photographers, and studio artists who develop their unique creative expressions in the disciplines of oil painting, watercolor, photography, drawing, and animation. Social, psychological and aesthetic issues are explored in personal and compelling ways.

ABOUT

The Hewitt Gallery of Art, located in the main esplanade and adjacent Black and White galleries, is a laboratory for and an extension of the pedagogy of the Art and Art History Department. In addition, it is an alternative exhibition space for contemporary art of emerging, mid-career, and established artists displaying a wide variety of media and styles. The Gallery provides opportunities for art majors and minors to gain first-hand experience in exhibiting their capstone and junior work, for students to curate and organize shows in conjunction with the Gallery Director and for faculty and alumni to present current work to the community.
